BLASTRAC

BMG-735RS MKII FLOOR GRINDER

A REMOTE CONTROLLED HEAVY DUTY FLOOR GRINDER

The BMG-735RS MKII is a remote controlled floor grinder with 3xØ240 mm discs & it is designed for finishing large horizontal surfaces. Same as all Blastrac grinders the BMG-735RS MKII has a solid metal construction to create the ideal weight. This triple head grinder is dust free when connected to the appropriate dust collection system. Blastrac has designed a full range of triple head grinders and diamond products, which give the opportunity to process any floor and specific application.

Advantages
- Floating shroud with integrated floor nozzle
- Smart easy-to-use keypad with all relevant information
- Ergonomic adjustable steer
- Glove compartment
- Easy accessible hose connection
- Wider and bigger wheels - non marking
- Electrical panel protection & over voltage protection
- Remote control with screen display + info
- Adjustable weight sets
- 24V battery drive system

350 - 1.100 RPM	
11 KW | 400 V | 50 HZ | 32 A CONNECTION	
FORWARD	
CONCRETE | STONE | MARBLE | ASPHALT | GRANITE | TERAZZO	

USER FRIENDLY
Using the remote control will help contribute to a safer work environment, less fatigue on the body, measurable increases in production and a more consistant result. Plug and grind!

3 GRINDING DISCS
The 3 planetary rotating discs in each Blastrac machine allows maximum coverage and effective pressure distribution. The width of each grinding disc depends on the size of the machine.

DUST FREE WORKING ENVIRONMENT
Every Blastrac grinder should be connected to a Blastrac industrial dust collector. This means that you are able to work dust free, creating a safe working environment.

ADAPTER PLATE SYSTEM
Our triple disc grinders are compatible with the patented Diamag magnetic adapter plates, where the diamond tools can be easily mounted on.

PERFECT FOR DECORATIVE FLOORING
Our triple disc grinders are ideal for polishing and maintaining floors as well. Due to the adjustable pressure distribution a perfect polished finish can be achieved.

GREEN TECHNOLOGY
Our triple disc grinders, like any other Blastrac machine, neither use any chemicals nor waste valuable drinking water.
